DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claim 1 is objected to because of the following informalities: the claim should be limited to one period. There are two periods in the same claim which is not permissible (lines 5 and 7 in claim 1). Appropriate correction is required.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Zurlo (Zurlo, et al.; US Patent No.: 5,898,932 A).

Regarding claim 1, Zurlo teaches of a cell phone unit (figures 1 and 2, column 1, lines 50-52) that has incorporated a charging system (columns 1 and 2, lines 63-67 and 1-5, respectively. Also, column 4, lines 15-17 and 43-48), and a photovoltaic panel on its surface (figure 2, item 26 and column 4, lines 4-6) that can obtain voltage or current source (column 4, lines 10- 12): directly through the panels on the cell phone surface (column 4, lines 10-12), for storage in a battery device (columns 2 and 3, lines 58-67 and 1-7, respectively and column 4, lines 45-47).

Response to Arguments

4. Applicant's arguments with respect to claim 1 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
